

Full-Time Faculty

Ferda Can ÇETİNKAYA, Associate Professor

Ph.D., Middle East Technical University, 1996
(Chair)

Office: L - 301

Phone: (+90312) 233 1361

Email: | [Schedule](#)

Recent Courses Taught

IE 333

IE 407 (Coordinator)

IE 514

IE 590

Research Interests

Machine scheduling (particularly lot splitting and streaming), production and inventory planning and control (particularly joint vendor-buyer ELS models, technology management (particularly clustering), logistic systems (particularly joint purchasing).

Haluk AYGÜNEŞ, Assistant Professor

Ph.D., Middle East Technical University, 2003
(Assistant Chair)

Office: L - 309

Phone: (+90312) 233 1366

Email: | [Schedule](#)

Recent Courses Taught

IE 341

IE 407

IE 424

Research Interests

Optimization, military operations research, network interdiction, vehicle routing, location problems, humanitarian logistics and disaster relief, stochastic processes.

M. Alp ERTEM, Assistant Professor

Ph.D., University of Arkansas, 2008

Office: L - 319

Phone: (+90312) 233 1367

Email: | [Schedule](#)

Recent Courses Taught

IE 407

IE 427

IE 555

Research Interests

Humanitarian logistics, operations research applications in intermodal freight transportation, sustainable transportation models, public procurement models, procurement auctions.

Nureddin KIRKAVAK, Assistant Professor

Ph.D., Bilkent University, 1995

Office: L - 318

Phone: (+90312) 233 1376

Email: | [Schedule](#)

Recent Courses Taught

IE 101

IE 200 (coordinator)

IE 300 (coordinator)

IE 327

IE 407

IE 473

Research Interests

Performance evaluation of production systems, meta-heuristics, fuzzy linear regression, location of mobile facilities, cell formation problem, multi-objective supplier selection problem.

Hakan ÖZAKTAŞ, Assistant Professor

Ph.D., Bilkent University, 1998

Office: L - 323

Phone: (+90312) 233 1377

Email: | [Schedule](#)

Recent Courses Taught

IE 365

IE 407

IE 501

Research Interests

Engineering ethics: decision making tools to resolve problems and conflicts, linear and convex programming, projection and subgradient algorithms, localization methods for feasibility and optimization, discrete image reconstruction and restoration techniques.

Benhür SATIR, Assistant Professor

Ph.D., Middle East Technical University, 2010

Office: L - 310

Phone: (+90312) 233 1368

Email: | [Schedule](#)

Recent Courses Taught

Research Interests

Optimization, combinatorial optimization, supply chain optimization and management models, scheduling, meta-heuristic methods, mathematical modeling, inventory control systems, logistics, decision support systems, technology policies, microeconomics, game theory applications, agricultural economics.

Gonca YILDIRIM, Assistant Professor
Ph.D., University of Florida, 2012

Office: L - 320
Phone: (+90312) 233 1369
Email: | [Schedule](#)

Recent Courses Taught
IE 227
IE 232
IE 407

Research Interests

Supply chain optimization,
inventory planning and control,
nonlinear optimization,
computational optimization,
mathematical modeling.

Ahmet KABARCIK, Instructor, Dr.
Ph.D., Turkish Military Academy, 2013

Office: L - 304
Phone: (+90312) 233 1373
Email: | [Schedule](#)

Recent Courses Taught
IE 407
IE 456
ME 115

Research Interests

Network optimization &
security, optimal database
design & database
management,
enterprise resource planning,
object oriented programming,
computer-aided design and
manufacturing.

Figen EREN, Instructor
(Assistant Chair)

Office: L - 307
Phone: (+90312) 233 1372
Email: | [Schedule](#)

Recent Courses Taught
IE 345
IE 407
IE 417

Research Interests

Control theory, manufacturing
technologies, computer-aided
design and manufacturing.
